Correspondence In: Moved to General business

Treasurers Report: Available on request for viewing from the Treasurer.

Moved: Eric Bevan **Second:** Piero **Carried:** yes

CFI Report:

Students progressing. Julian Gonzalez received his silver wings.

Members were reminded when on the flight line to advise other pilots around you if you are doing a low pass, landing etc in a loud voice and wait for their acknowledgement before proceeding.

General Business:

Proposed changes and updates to WAMASC safety rules were presented to the members for discussion. Eric Bevan moved the Changes / updates be accepted, seconded by Roy Lewis. Approved by the meeting. These changes / updates will be added to the Safety rules on the WAMASC web site.

Originally WAMASC rules required pilots to call landing and step forward one pace so other pilots on the flight line would see and hear to warn other pilots a landing was in progress. Over the years this rule disappeared from the WAMAS MOP. Eric Bevin proposed to the meeting that this rule should be re- instated. David Collett seconded the motion. After some discussion, the meeting approved the motion.

Repairs to the Club house have been completed and the blinds will hopefully be fitted by early June.

Patio roof over the entrance of the club house is a work in progress.

Meeting Closed: 10.05am

Peter Baldrey
